

Sequential (0.1%)

A diagram illustrating the percentage of sequential versus parallelizable work. A thin purple bar at the top represents 0.1% sequential work. A large bracket underneath the bar indicates that the remaining 99.9% of the work is parallelizable. The text 'Sequential (0.1%)' is positioned above the bar, and 'Parallelizable (99.9%)' is positioned below the bracket.

Parallelizable (99.9%)
